parties, societies, associations, groups and individuals, regardless of their political colouring;

B) foreign intelligence services [RAZVEDKI] carrying on active work against the USSR.

Special surveillance must be put on the organs of the intelligence services, organisations and individuals of the NTBNP, OUN; ABN (Anti-Bolshevik Block of Peoples), Fascist, Trotskyite and other terrorist formations which are the most aggressively disposed towards the USSR. To these ends the Ministry of Foreign Affairs [MID] of the USSR will issue orders to Embassies, Legations and Consulates on the closure of entry into the USSR from

20th October to 31st November to all foreigners, except persons travelling on diplomatic passports. It is essential to see to the rigid execution of this order. The date of suspension of the issue of visas must be worked out in such a way that by 20th October there will not be a single foreigner with an entry visa into the USSR on the frontiers of the USSR. It is also necessary ~~to ensure that there is some sort of protection~~ during the October days for Soviet representations and in particular for the premises of the secret cipher departments of Embassies and Legations. Issue instructions in accordance with this to all operational workers and
